Copyright Declaration

In compliance with the Australian copyright Act 1968 (as amended), the undersigned authors warrant that they have sole ownership of the Work submitted, that the Work is original and has never been published, that the author has full powers to grant such rights, that the necessary written permission has been obtained from the appropriate copyright owner or authorities for the reproduction in the Article and in the Journal of any text, illustration, and other material; and that the Work meets ethical standards applicable to the research discipline. The author further warrants that this Work has not been submitted in this or any other form for publication in any other Journal.

In consideration of the *Health Information Management Journal* taking action in reviewing and editing this submission, the undersigned hereby transfers all copyright ownership to the Health Information Management Association of Australia (HIMAA) in the event that such work is published by the HIMAA in the Journal. In addition, the author hereby grants the *Health Information Management Journal* the right to revise, abridge, condense or translate the foregoing work.

The author retains the right to:

- Use the Work for non-commercial purposes within his/her institution subject to the usual copyright licencing agency arrangements
- Use the Work for further research and presentations at meetings and conferences
- Use the illustrations (line art, photographs, figures, plates) and research data in his/her own future Works
- Share print or digital copies of his/her Work with colleagues for personal use or study
- Include the Work in part or in full in a thesis, provided it is not published for commercial gain
- Place his/her pre-publication version of the work on a personal website or institutional repository on condition that there is a link to the definitive version on the HIMAA website

The author agrees to:

- Include a link and/or reference to the Work as published by HIMAA on all digital copies used within his/her institution
- Not reproduce or authorise others to reproduce adaptations of the Work that are substantially identical to the Work for any commercial publications
- Not permit digital copies of the Work as published by HIMAA to be systematically networked to external users
- Not use the Work in any way that implies that HIMAA, the Journal (*HIMJ*), or the Editor endorse any product or procedure described in the Work
